The Second Graduating Class of

ARCHBISHOP WILLIAMS HIGH SCHOOL

Braintree, Massachusetts

As we approach the day of our departure from Archbishop Williams High, uppermost in our thoughts and in our sentiments of gratitude is our deeply felt and sincere tribute of esteem and thanks to His Excellency Archbishop Cushing who is really the true director of our school.

We fervently pray that we in God's own good time may follow in the spiritual example of true Catholic action so strikingly set by His Excellency.

Dedication

As the second graduating class of The Archbishop Williams High School, it is our honor and privilege to dedicate this booklet to the memory of Sister Charles Mary who died at the end of the scholastic year, 1953. With Sister's departure for heaven we lost not only an esteemed faculty member, but also a kind and understanding religious advisor, always willing to assist us in solving our problems and share with us her valuable experiences. Sister Charles Mary's memory will always be sacred to the Class of 1954.

FOREWORD

The staff of "54", in presenting the second edition of the Pelicanette wish to promote in our humble way, more adoration to Our Blessed Virgin Mary in her year, The Marian Year. It is our wish that through these pages we may further her devotion by presenting the happy years spent here under her spiritual guidance.

The staff wishes to say, simply and sincerely to all who have aided in this book, "THANK YOU". If this book is now accepted with but a small part of the pride and enjoyment which the staff has experienced in it's creation, we shall feel fully repaid.

CLASS HISTORY

Where to begin is the hardest task! Shall it be when our elder brothers told us about their good times at Archbishop Williams, or when a friend informed our parents about the spiritual and scholastic advantages of Williams? Shall it be when we applied for the entrance exam, or shall it start with the first school day far back in September, 1950? After great deliberation and many sleepless nights, the conclusion has been reached that the official class history shall begin with our first day together as wide-eyed and apprehensive freshmen.

Approaching our new school, we saw a great crowd of young people spread out over the front reaches of our future academic workshop. Groups of students talking casually denoted upper classmen: exiles from such merry circles indicated fellow freshmen. However, we restricted ourselves to just looking. When we were summoned to the Auditorium the spirit of Williams manifested itself as we started off our High School career with the annual opening of a Prayer by Father Brown. Then we were assigned to our new rooms to meet our new Sister and our new friends. Do you remember how you felt when you opened your first book and saw all those strange new words? Did you realize then, as you do now, that perhaps there was something in the world that you didn't know all about? We were soon initiated into the student body with our first dance, where we had our names pinned on us to distinguish us from our upper classmen. Then the Basketball season started; we faithfully attended each game and patronized Howard Johnson's afterwards.

At the end of the year we participated in the Corpus Christi Procession and Gym Demonstration. We were now well acquainted with our new school and weren't Green Little Freshmen anymore but Big Sophomores.

In September, 1951 we started our Sophomore Year. Freshman classmen made us feel very important. We came back to school with tales of our summer vacation only to find out that death had claimed one of our classmates, Mary Spillane.

The Christmas Season was properly issued in with our Christmas Pageant, assisted by the Glee Club. During the Christmas vacation, we had a dance at which we had a chance to show off all our new Christmas apparel.

In the last week of Lent, our second annual retreat took place. It proved to be very beneficial to us, for again we all had a chance to check on our spiritual necessities. With the assistance of our retreat master, we developed a more spiritual outlook on life.

September, 1952 not only brought about the first year of four classes, but also the exciting new sound, our first football team preparing for their first game. With the football games came the famous parties. The only distraction from our enjoyment was the thoughts of school the next morning. There was great cause to celebrate however, when our team copped the Division Three Title.

The G.A.A. took over the responsibility of another tradition by starting the annual Square Dances with the official caller Charlie Baldwin.

Towards the middle of the year we had our first class meeting where we were given the privilege of electing our Junior Class Officers. Charles George, President; John Hennedy, Vice-President; Secretary, Jean Sullivan; and Treasurer, Sheila Dugan. Their first accomplishment was the organization of our initial Junior-Senior Semi Formal.

The first great loss to our faculty occurred when Sister Charles Mary suddenly and unexpectedly passed away on June 16. Sister, our first faculty adviser, helped us whenever help was needed. We miss Sister, for her interest in us was genuine.

In September 1953, we were officially the "big men on campus". With this responsibility, we undertook the task of electing our Senior Class Officers. They were: Charles George, President; John Gallivan, Vice-President; William Keane, Secretary; Kathleen MacLeod, Corresponding Secretary; and Treasurer, Barbara Martin. This was a new form of democracy, for each Home Room was represented.

In the last year, we witnessed the formation of our Hockey Team. Although they did not acquire any championships, the team's attempts were only edged out by a small margin. We were satisfied with their achievements, and enjoyed our weekly trips into the Arena to watch their successful performances. We were all justly proud of our Basketball Team, for they did the impossible! At the height of their successful season they entered the Catholic Tourney to walk away with the championship of Class A. Pete Houston, not only broke many long standing scoring records, but became the George Mikan of School-Boy Basketball, by being named to the All Catholic-All American Team.

We then entered the Tech Tourney to capture three fantastic victories by blinding Revere, Somerville and Lawrence Central before going down fighting to Brockton. The team was lifted tremendously, not only by the spirited student body, but by loyal followers from all over the South Shore.

Our annual Senior Class Play, Jenny Kissed Me, was another entertaining addition to our memorable Senior Year.

Amidst the excitement of graduation, worries of our future endeavors, and our studies, we concentrated on forming our final Social gathering, the Senior Prom. We all looked forward to this for it was the last time that we would be with our friends.

Graduation! At last! Can words express the heady significance of this day? The long trek to the top is over. Shall we laugh or shall we cry—or just remember.

A VISITOR'S IMPRESSION OF STEEN'S REST HOME

As Jimmy O'Neil III enters Steen's Sunny Solarium to sell some magazine subscriptions, he sees sitting at a dark, dingy, little desk underneath a dark, dingy, little light, the head nurse and co-owner, Ellen Fitzgerald Steen, who with her distinguished red-headed husband, Russell, runs the establishment. She says that

she has enough subscriptions from the record-breaking sale of magazines at A.W.H.S. in 1954, but that she will take him around to visit her patients, so that he may see for himself. As the door of the elevator opens, he spies that three-star operator of the elevator world, "skipper" Flaherty. As they speed to the third floor, he recognizes "Scoop" Lynch, star reporter for the ROSENKRANZ GAZETTE, who is going to interview the three great sports-immortals who are there. These are Red "Rocket" Curtin, former defenseman of the Detroit Red Wings; Dick "the Dunker" O'Connor, former rebound record holder of the N.B.A. and Donna "Over the Jump" Lucason who is in this rest home from landing the wrong way too many times. As he steps out of the elevator, he bumps into George "Killer" Killory, head janitor with his ace waxer, John Morris.

In the sun parlor at the head of the corridor, distinguished citizens—Buster Duane, who wrecked when he should have built, Francis Tierny, who wore out his vocal chords singing at the Met, and who had for his accompanist John Keefe, the poor man's Liberace, John Foley who wore out his mind, wearing out his pencil trying to figure out the Einstein theory; Henry Moreschi, who needed a rest after trying to figure out his wife, "Marvelous Marla"; and Joe Meehan, who had received a athletic scholarship to college, restringing the yo-yo's for the yo-yo team.

After selling only one subscription, and that was to Piggley-Wiggely, which was bought out by Humpty-Dumpty Magazine, he moves on to the recreation hall, where, seated around a card table Don, Curley who wrote that best seller, HOW TO MELT IN ONE EASY LESSON; and Jack "Tiger" Dillon, former world's heavyweight champion. At the farther end of the room, playing a game of bean bags are Dick Falvin, former actor, who played the male lead in **Little Women** and John Hennedy, former director of athletics at Eastern Nazarene College.

Proceeding to the next wing, he meets in the hall, Joan Spinelli, head occupational therapist, who brings him into Room 13 where Jane Leahy, teacher of basket weaving at Mrs. Pickle's Kindergarten, is hostess to Jean Sullivan, Miss Universe of 1957; Pat Quinn, who after years of waiting finally married her idol, Maury McDermott; Grace Wilder, who went to **Slippery Rock on the Hudson**, but had to quit when she fell in; Alice Moore, who is the painter of that famous masterpiece, **Whistler's Father**, and Jane Anne Loughran, who starred for many years in the operat, "Madame Butterfly."

Seeing that all are well cared for, he returns and meets Jackie Gleason's old nurse, Ann Condon, who informs him that there are more inmates of the institution out on the front lawn playing croquet. As it was getting late, he hurries out of doors and is cutting across the lawn when he is hit by a croquet ball wacked by Jackie Mercon, former terror of the Roller Derby. Recovering quickly, he looks around, and there, not a yard away, digging up the tulip bed, was Peggy MacMillan Canavan, who, as she informed him works here as gardener to support her twin sons.

Jim goes back inside to thank Ellen for all her help, and to tell her that he will have a big send off for his next magazine drive featuring the Toni Trio, composed of Kay Fawler, Jean Hoffman, and Barbara Lyons. This visit leaves Jim with few subscriptions, but a fine insight into the life and hard times of the students of old Room 13.

ROOM 14

OPPORTUNITY HOTEL, 8 INDEPENDENCE AVENUE

"This way please, welcome to Opportunity Hotel." Behind this deep voice and pleasant manner stands John McEleny.

As we enter this magnificent building we are met in the lobby by the manager, smiling Joan Murphy.

While registering, we are surprised to see two blue eyes peering over the top of the desk. Stepping into her elevated shoes we see that it is none other than Estelle "stretch" Smith, owner of the Hotel.

Passing through the lobby we see Susan Maginnis Magner, accompanied by her talented children who are singing "My Buddy."

Watching this display of young talent with much approval, we find Nancy Nese and Richard McDonald passing through the entrance dashing to catch a plane for the next lap of their honeymoon.

"Paging flight nurse Ruth Tully" we look up to see that this voice belongs to "tiny" Danny Griffin. As Danny rushed by, he trips over a size "fifteen" gun-boat belonging to Freddy Boyle, the well known French interpreter, also on his way to board the plane.

As we stroll through the lounge we find Jay "punchy" Rear-don, the new feather weight champion of Grandma Moses' Rest Home talking over the "old days".

Since it is nearly dinner time, we go into the dining room. We are fortunate enough to get a table near the floor show. Much to our surprise we find that our speedy waitress is none other than Virginia Riley, wearing her B. C. sweater and bright red socks. We are also amazed at the speed of the other waitresses, especially Rose Arienti who is able to carry three trays at once. Oh: only one, the other is dropped on a lady in a mink coat, who is none other than Rose McDermott. Oh well, she always was the patient type. Here comes the head-waiter, George Tobin, who stands pondering over the spilled tray, trying to figure out just how this accident occurred. The feature attraction of the show is that famous ballet dancing team, Betty Craig and Edward Webber, accompanied by that great pianist, Maureen "Liber-acetta" Hart.

We are attracted to the hostess by her graceful walk. At close range we find that it is none other than Judy "dazzle eyes" Ward, who shows us the way to the cashier, who is munching on

a bushel of apples. We see that it is that starving sophisticate, Carolyn "Skip" Dennehy.

As we leave the Dining room we meet Paul "on the Spot" McDermott, telling us his latest scoop on John "Doc" Gallivan, who has just finished a delicate operation which has made him world famous, that of Cutting play practice.

At the switchboard in the lobby we find Carolyn "Number Please" Jason, a cute dark-haired operator, plugging at it all the time.

Among the famous guests registered at the Hotel we find the name of Michael Reilly, owner of "Barn'em and Bale'em" Circus.

Behind a huge pile of books in the Hotel library we find none other than Marie McClintock, now Dean of Learning at the "Humpty-Dumpty" Nursery.

We are attracted by a large crowd of autograph hunters storming Miss Joan "Jenny" Hackett, who has recently played the lead in "Bambi".

We decide to go to our suite on the thirteenth floor, and whom do we find running our elevator but Mary Coakley. When we ask her how she is feeling, she says, "Oh, I have my ups and downs."

When we reach our floor we step out of the elevator and we are crashed into by a busy young nurse. At second glance we see that it is Alice Canniff, who is kept busy nursing those who have eaten the hotel meals.

As we walk along the corridor we see the famous Pat Galligan, star reporter of "Dumphy's Gazette" who has a luxury suite at the Hotel.

Once in our room, we call for room service. A bright and smiling young man with a high-pitched voice soon arrives at our suite. We recognize J. P. Riordon, our old classmate, who is working his way through medical school.

Next morning, rising bright and early, we take a jaunt to the hotel pool and there we see on the high diving board Carolyn Calabro, Miss Periwinkle of 1934.

Then we see high waves in the pool. The cause of such a wavy disturbance is none other than Mary Arvin McIntire, winner of the world's puddle-skiing championship. Among other sports celebrities at the pool is Robert "Speedy" Cullen completing his 90th lap around a tooth pick.

After our swim we go to the dining room for breakfast where two charming waitresses, Monica "Buckley" McDonough and her cohery Branda "the Harp" Kelly, race to take our orders.

In the beauty parlor, after breakfast we are stunned to see that celebrated beauty of stage and screen, Ann McGoldrick, who tells us that she just turned down an acting contract in favor of being stage manager for a colossal production "Jenny Kissed

Me". We are pleased to have for our operator that world famous beautician, Sally "Bleacher" Levangie.

Next we decide to go horseback riding around the spacious Hotel grounds. At the stable we see Paula Guimond the well known foreign correspondent to Dun's Insane Castle at Buring Woods, also horseback riding.

Working at the stable mending broken bones is Claire Edwards, physio-therapist, who has just completed a major task, setting the broken leg of an ant.

Back at the hotel, we see our old vivacious rah-rah cheerleader, Doe "Go" Canniff, on leave of absence from State University.

All in all our short stay at Opportunity Hotel was a pleasant one, for it helped us to check on the famous Room 14 class of 1954.

ROOM 15

DATE: December 24, 1974

PLACE: New York City, N. Y.

MY JOB: To find the members of Rm. 15, Class of '54

As I boarded a train for the city I noticed in the cab of the engine the familiar figure of Mike Mahoney who, after his many years at M.I.T. was realizing his life's ambition to be an engineer. At nine thirty-five I walked into Macy's Department Store, to buy an anniversary present for my wife, Liz Barry. On passing the telephone booth I saw a man in a Navy uniform whom I recognized as Tom Alden, who had just returned home from sea duty. As I made my purchase I noticed the tall shadow of the floor walker bending over me. I recognized him as my old friend, Dick Armstrong by the two basketballs in his pockets. Dick invited me to go to renew old acquaintances with the store detective, "Big Dick" Keohan. On the way, we went through the toy department where we saw Ed Benoit the store carpenter, repairing the mess left by Tob Duffly, who still can't resist the lure of toys. Passing through the music department, we heard disc jockey, Bob Lanoue, playing a new platter by Shirley Bavin. There on the piano bench was Liberace's prize protege, Lenny Colarusso, lighting his candles. Dick marched me down the escalator where we ran into Moe Horrigan, who was going crazy trying to sweep it. Moe said "I like the stairs that stay still, like those at A.W.H. At the bottom of the escalator, my attention was drawn to two ragged looking men arguing over the best place to eat. Through their wiry beards I spotted Dick Kerr and Dave Smith. Over in the dress department to the left I spied Helen Crowley, now top-fashion designer for Macy's. I lost Dick in the crowd, so I jumped into an elevator run by Ken Smith, dressed in a sparkling bright uniform. From the back of the elevator, I heard two familiar voices trying to figure out the velocity and air-pressure of the elevator. From the conversation I knew it was Dick Metayer and Jerry Boyle. Getting out of the elevator I almost stepped on Marilyn Coyne, who was working in "The Shop for the Tall Girls."

Taking the corridor to my left I spotted the bright and beaming countenance of Chuck Breen, cheerfully refunding a lady's purchase at the exchange desk. Being a little excited I opened the wrong door and barged into an executive board meeting where I recognized Kenny Autio as the man giving the speech. After being asked to leave quietly, I noticed a cute little secretary giving me the eye. The sign on the desk read Miss M. J. Snow. Since it was nearing noon, I headed for the store cafeteria, found a stool and ordered a hot dish of Fatomapches Marcheroni from a starry eyed waitress. Her ID bracelet read Grace Murphy. The man next to me suddenly wheeled and sank his fork into my arm. He excused himself, explaining that he had just broken his glasses and couldn't find his plate. I saw Hoot McGovern beside me. The shock of the wound made me faint at the feet of what looked like a beautiful model. As I was losing unconsciousness I recognized the features of Chris Fitzmarice. Her scream brought two able bodied nurses to my aid. To repay the nurses, Mary Connor and Dotty Hannon, I bled all over their white uniforms. There was no M.D. available so they rushed me into the infirmary. On his Veterinarian's license I read the name Dana McKenny.

After recovering from my injury I headed for the sport shop. On the way I saw a little boy with a chain around his neck, who would put "Dennis the Menace" to shame. His antics made me recall his father, Bill Keane, who was on the other end of the chain. I entered the sport shop just in time to duck a flying golf ball hit by the unforgettable Don Willians. The golf pro instructing him turned out to be Jack Sepka. Making a hurried exit from the shop, I heard the swooning of many women. Right past me walked the latest matinee idol, smiling Joe Kearns. At that moment I heard a voice saying "Red hot pizzas." That voice reminded me of "Large Louis" Rizzo, the city's top pizza-maker. Then I went to have my credit account checked, and in the office I met Elinor Woods adding up the store's payroll without an adding machine. At her side another hard working secretary labored. By her flaming tresses, I knew it was Ann Hanlon. I couldn't find the Chinaware department, so I hurried to the information booth. Seated there was Mary Haviland who must have had a lot of information because she surely was talking. In the chinaware department, I came across a familiar, bespeckled giant. From his brilliant statement, "The sign says, 'Boned China', but I don't see any bones, only dishes", I knew he was Cement Houston. Not letting on that I knew Cement, I sneaked out of the Department and came upon a blond gentleman, Ed O'Brien. Walking along the street I noticed a man thumbing north. Duane Drohan said he was still looking for a ride to Brockton. I heard Frank Colombo with his Harvard accent mumbling "Want a taxi, Mister? Hottest cab in town." Parked behind Frank was Judy Feeley, in the latest model Olds Convertible her Dad had given her. Across the street I heard the patter of 40 pairs of tiny feet marching in time, and in their midst I spied old "Gyrene" General Dave Fanning leading his Boy Scout Troop

onward, stepping off the curb on Fifth Avenue I was sucked up by the exhaust of Brad Thornton's dual wheeled hot rod.

Yours, Immortally, HARRY HUMP

Activities

Student Government Exchange Program

One of the most interesting programs in which the seniors participated was the Student Government Exchange Program. Over eighty public and parochial schools took part in this important activity. Each town school was paired with a city school. The purpose of this day is to familiarize the student with respective town and city functions.

In 1954 the five students elected by the senior class to represent Archbishop Williams at Matignon High School Cambridge, were Ellen Fitzgerald, Delvina Delory, Barbara Martin, Peter Houston, and John Gallivan.

We entertained the five representatives from Matignon March 8, 1954, with an assembly under the direction of Sister Gertrude and formed a student town meeting to be presented to these students. We escorted the students in a tour of Braintree and topped off the day by attending a Junior Council Meeting at the Town Hall. On March 29, 1954, we went to Matignon along with our faculty escort Mr. Filippone, and spent an enjoyable day there.

Student Council

The Student Council launched its work at a meeting early in September. Edward McGinn was elected President, David Shannon was elected Vice President, Doreen Canniff was elected Secretary, Joseph Reardon was elected Treasurer. This governing body of the School began its activities by giving a Victory Dance after the Thanksgiving Day Game. They were responsible for many rallies also.

Glee Club

This year the Girls' Glee Club, under the direction of Sister Marie Pierre and Sister Linus Mary became so popular among the girls that it was necessary to divide the group into Senior-Junior; Sophomore-Freshman groups.

The newly formed Boys' Glee Club sang with the Girls on such occasions as the Christmas Pageant and the Recitals.

Both Glee Clubs have met twice weekly and have had a very successful and enjoyable year.

Retreat

The most important occasion of the year is our very own Retreat. The Seniors have the privilege of enjoying three special days of recollecting their spiritual thoughts. The Retreat masters have come from various orders such as: The Oblates, Holy Cross Fathers, Jesuits, Carmelites, Mont Fort and La Sallette. The Retreat master for the Seniors this year was Father James Hurley, M. S.

Senior Class Play

JENNY KISSED ME

This year our Senior Class play, *Jenny Kissed Me*, was a tremendous success. For the second year our play was ably directed by Miss Jean Nelson, Emerson College graduate, with Ann Barry as assistant director..

Dramatic Club

The Dramatic Club is now not the struggling foundling that it was a year or two ago. It has developed into two active organizations. The Freshman-Sophomore Club, and the Junior-Senior Club. Another step toward maturity was the election of officers—President, Sheila Dugan; Vice-Pres., Mary Faherty; Secretary, Elizabeth Barry; and Treasurer, Theresa LaBlanc.

Proof of the ability to act was given in the Christmas Pageant, "The York Nativity" and entrance in the Massachusetts Drama Festival and C.Y.O. Margaret Daly was chosen as the best actress in the C.Y.O. high school festival and Cornelia O'Neill, the best supporting character. A one act Play Festival was held at Archbishop Williams, sponsored by the Dramatic Club.

Modern Dance

The modern dance, under the direction of Mrs. Jean McKenna made another successful appearance in our annual Gym Demonstration. Modern Dance is music interpretation telling a definite story. This year the group danced to "Syncopated Clock" and a special number was added, "The Jones Boy", which was a gay-spirited rendition.

Junior-Senior Semi-Formal

We saw the birth of a tradition which was definitely proved to us this year when the Juniors again presented the Senior Class with a Semi-Formal Dance in the School Gym on April 20, 1954. The setting for this dance was "Stardust" and we danced to the music of Baron Hugo. The Junior Class Officers led the Grand March with the Senior Class Officers. We chose Hugo Kimball's for our after-the-prom snack.

Thanks to the hard work of coach Jack Garrity and assistant Coach Joe Mayo.

VARSIITY CLUB

This year of 1954, the Archbishop Williams Varsity Club has improved. It is now functioning as a solid unit. We have sponsored many other school functions. Officers elected for 1954 are: President, Robert Byrne; Vice-Pres., Jay Reardon; Sec., Dick Fenton; Treasurer, John Henneidy. It is an honor to be a member of this club because of its rigid requirements. Each candidate puts his accomplishments before a board, consisting of Club Officers and Coach Garrity, where each candidate is judged on a point system. The Club is composed of Letter Men, on the Football, Basketball, Hockey and Baseball Teams.

Sports Awards

Archbishop Williams is truly the Massachusetts "Cinderella" team of the year. The Bishops have grown to a position where they dominate South Shore sports, and this has been shown by the awards received in the past year to:

Cheer Leaders

The year of '54 was an exciting one for the cheerleaders, as they had a new experience, that of cheering in the Tech Tourney at Boston Garden.

A new head-cheerleader's uniform was given to Captain Gail Gallagher. The uniforms are Blue and Gold while the Captain's is White and Gold.

We want to congratulate our cheerleaders for the wonderful performance they have given us this year.

The Senior Cheerleaders this year were: Gail Gallagher (Capt.), Judy McCormack, Eleanor Holmes, Doreen Canniff, Betty Ann Flaherty, and Mary McIntire.

Girl's Sports

The girl's sports program at A.W.H. under the able leadership of Mrs. McKenna, has played a major part in the school's athletics. The students on the volleyball and basketball teams have participated in intramural sports, as well as a number of outside games including a "Play-Day" with St. Pats of Brockton. Girl's sports have provided a great deal of enjoyment for both those who belonged to the teams and to those who watched.

Girl's Athletic Association

The G.A.A. has been a great financial aid to our girls. The proceeds from their dances have gone a long way in purchasing many needs.

The Officers and Representatives have done a great job by organizing meeting in order to keep the association running smoothly.

This organization opened up the doors to many girls who never before had the opportunity to actively participate in sports.

We want to commend our G.A.A. President for the wonderful job she did.

Tumbling Club

As new coming Freshmen, we were just getting accustomed to the different sports and clubs presented by A.W.H.S. Of these tumbling was one of the most popular.

A great number of these girls joined the Tumblers Club, for all four years. During this time they derived the pleasure and satisfaction of being a member of a successful club.

The greatest of the Tumbling Club's exhibitions is their participation in the Gym Demonstration where they showed their talents in doing difficult acrobats.

We have had a great deal of enjoyment in being members of this club and we wish to thank Mrs. McKenna for her efforts.

FAREWELL ADDRESS

Four years of our lives have been spent at Archbishop Williams High, years that are full of memories both happy and sad. The graduating class has set many records for succeeding classes to follow and has played an important role in the history achievements of Archbishop Williams High.

Academically our achievements are many, and most of the coming graduates have the desire to further their education. In the field of athletics we have excelled. Thanksgiving Day marked our first "Turkey Day" victory over Matignon. Our basketball team brought us stupendous glory in our first year in the Tech Tourney. Our Class Play, the proms and dances, the Magazine Drives, the Gym Demonstrations, the rallies, the different clubs and activities that are continually a part of Archbishop Williams High will be dear to the memories of all, for they now claim a part of us.

In recollecting the tide of events which have influenced us during our high school days we appreciate more fully the help and guidance we have received from our Spiritual Director, Father Brown, our Principal, Sister Virginia Maria, and the entire faculty who have made our efforts possible our—dreams conceivable.

These are the things we remember now, things done and said that are close to our hearts. Yet, somehow we feel that even should these memories fade, we will remember where they were born. Archbishop Williams High is a part of us now, and although the years may change it, it will never change for us. We begin to sense now, how we shall feel afterwards, when parting has come and we have gone—when we have said farewell.
